A cell in gray means that the person was not a member at the time of the event, therefore, any hours worked are not included in their total.

A row in green means the person designated their volunteer hours for that event to the name immediately above. This must have been designated prior to the hours being worked. Hours cannot be designated at a later date.

For Rose Taylor, competitor must work their own hours.

For Year-End championships, others may donate their hours to a competitor, as long as it is stipulated before the hours are worked.
